

## **ACTIVITY NOTICE – ON BEHALF of NATIONAL GRID**

### **Brace Pole Installation**

March 26, 2018

National Grid is proposing to install a brace pole in the area of the temporary Doughty House Parking lot.

- On behalf of National Grid, we are notifying everyone that National Grid is proposing to install a brace pole to an existing utility pole that is along Walden Street.
- The installation will temporarily block a few spaces within the public parking area that is located in front of Doughty House.
- Traffic along Walden Street should not be impacted.
- The brace pole will be installed on Williams College property.
- This work will be managed and performed by National Grid.
- Work is expected to begin/end on Tuesday, March 27.
- Further circulation of this document will be greatly appreciated.
